

Honoring the Past ♦ Living in the Present ♦ Envisioning the Future

Membership Form

The Middle Country Coalition for Smart Growth is an evolving not-for-profit organization with representatives from a broad spectrum of community groups that guides the development and revitalization of Centereach and Selden. The Coalition supports and works on a variety of projects that focus on the improvement of the physical environment and the creation of public spaces, and serves as the go-to organization for up-to-date information on community initiatives. Through collaboration, communication, and education, we aim to build communities that have a unique sense of place; preserve and enhance natural and cultural resources; expand the range of transportation, recreation, business and housing options; support long-range, regional sustainability; and promote beautiful, safe and accessible environments.
